CLASS OF 1965

AV INSTRUCTIONS

POWERING ON

To power on the display, press the DISPLAY -> ON button, highlighted below.

CONNECTING YOUR DEVICE

Select a source using the buttons on the right. See Page 2 for a diagram showing where to find each source.

POWERING OFF

Press the DISPLAY -> OFF button when you are finished using the room.
This conference room has a PC located behind the plasma screen. You can control it with the wireless keyboard and mouse in the room.

HDMI and VGA cables can be used to connect your computer to the display in the room. You can borrow these from the Information desk on the first floor.
