PLEASE NOTE THAT THERE IS NO CABLE TV FOR THE PLASMA SCREEN.

AV Instructions for Higgins House Library

1. You can find the computer input for the plasma screen behind the couch at the end of the room, on the left. Be sure to connect both VGA cable to your laptop and the audio cable into the earphone jack of your laptop, for sound.

2. The controls for the plasma can be found on the right side of the device. Pressing “Power” will turn on the screen.
**PLEASE NOTE THAT THERE IS NO CABLE TV FOR THE PLASMA SCREEN.**

3. Press the “Input” button to see the available list of sources. The computer input is listed as “PC IN”. You can select it by scrolling with the “Channel” buttons and pressing “Input” again.

4. The volume of the monitor can be adjusted with the “VOL +/-” buttons below the “Channel” buttons.

5. When finished with the plasma screen, be sure to turn it off by pressing the “Power” button.
