**Background**

- In the Sahelian region
- Population: >1000
- Native animals:
  - Goats
  - Camels
  - Cattle
- In an arid/pastoral area

**Heifer International**

- Establishes centers in impoverished areas
- A project site must be:
  - Safe
  - Easily accessible
  - Willing to receive help
- Provides recipients crops and livestock indigenous to the country
- Has worked in:
  - Cameroon
  - Ghana
  - Kenya
  - Rwanda

**7 M’s For Chad**

- Chad ranked 28.3 on the Global Hunger Index
- Malnutrition affects roughly 40% of children under 6

**The Problem: Hunger in Chad**

**Cause**

- Most of the land unusable for farming
- Majority of the country comprised of desert
- Low soil quality and erratic weather patterns give the country low food security

**Solution: Heifer in Chad**

- Provides indigenous livestock
- Increased yield in crops
- Education
- “Passing on the gift” (Heifer)
- Increased soil fertility
- 7 M’s: meat, muscle, milk, manure, money, materials, motivation

**Our Assessment**

We propose that Heifer International initiate a project site in Yao, Chad.

**Improve soil quality**

**Provide indigenous livestock capable of surviving harsh climate**

**Benefits**
