Section 1- WPI and IGSD procedures

Introduction
Worcester Polytechnic Institute has been practicing innovative, project-based technological education for over 30 years. WPI requires all undergraduates to complete a series of projects, including one in which they examine how science or technology interacts with societal structures and values - the Interactive Qualifying Project. Because of its commitment to a global perspective, the university offers its students opportunities to complete this degree unique degree requirement at locations around the world. WPI operates more than ten international project programs where students, with resident faculty advisors, live and work full time solving real-world problems for public and private agencies and organizations. During the 2008-09 academic year, approximately 625 WPI students -- including over half of the junior class -- will travel to a global project site to complete one of these interdisciplinary projects.

Congratulations! You are beginning to prepare for one of the most meaningful experiences that you will encounter while at WPI. In order to insure that you have a successful experience, the Handbook for Nantucket has been compiled from a number of sources to provide as much practical information as possible that may be applicable to all project sites. The Handbook was prepared to inform the student who has been accepted to participate in the Global Perspective Program at the Nantucket Project Center during B term of 2008.

A successful off-campus experience does not just occur; it requires careful consideration of things you will need to do before you leave, and while at your off-campus site. The Interdisciplinary and Global Studies Division (IGSD) has developed this document to outline these considerations.

For the mutual protection of WPI, the students, and their families, the obligation assumed by each must be carefully defined and understood. You should recognize the fact that you have entered into a contractual agreement with WPI that states the obligations and responsibilities of both the university and yourself. This Handbook was created as the document that should be read carefully and thoroughly to avoid misunderstandings.
The following text is taken from the NAFSA: Association of International Educators’ website. NAFSA is the predominant professional association in the world dealing with international education, and the section of the Association that deals specifically with study abroad currently known as the Education Abroad Knowledge Community. A committee of study abroad professionals (the Interorganizational Task Force on Safety and Responsibility in Study Abroad) developed the following document and is included here for your reference. Please keep in mind that while WPI’s off campus program is unique in its structure, the University is committed to upholding the standards of the profession.

**Responsible Study Abroad: Good Practices for Health and Safety**

**Statement of Purpose**

Because the health and safety of study abroad participants are primary concerns, these statements of good practice have been developed to provide guidance to institutions, participants (including faculty and staff), and parents/guardians/families. These statements are intended to be aspirational in nature. They address issues that merit attention and thoughtful consideration by everyone involved with study abroad. They are intentionally general; they are not intended to account for all the many variations in study abroad programs and actual health, safety and security cases that will inevitably occur. In dealing with any specific situation, those responsible must also rely upon their collective experience and judgment while considering their specific circumstances.

I. **Responsibilities of Program Sponsors**

The term "sponsors" refers to all the entities that together develop, offer, and administer study abroad programs. Sponsors include sending institutions, host institutions, program administrators, and placement organizations. To the extent reasonably possible, program sponsors should consider how these statements of good practice may apply. At the same time, it must be noted that the structure of study abroad programs varies widely. Study abroad is usually a cooperative venture that can involve multiple sponsors. Because the role of an organization in a study abroad program may vary considerably from case to case, it is not possible to specify a division of efforts that will be applicable to all cases. Each entity should apply these statements in ways consistent with its respective role.

In general, practices that relate to obtaining health, safety and security information apply to all parties consistent with their role and involvement in the study abroad program. Much of the basic information is readily available and can be conveyed to participants by distributing it and/or by referring them to or utilizing materials from, recognized central sources. Statements of good practice that refer to the provision of information and the preparation of participants are intended for parties that advise, refer, nominate, admit, enroll, or place students. Statements of good practice that suggest operating procedures on site apply to entities that are directly involved in the operation of the overseas program.

It is understood that program sponsors that rely heavily on the collaboration of overseas institutions may exercise less direct control over specific program components. In such cases, sponsors are urged to work with their overseas partners to develop plans and procedures for implementing good practices.

The use of letters is provided for ease of reference only and does not imply priority.

Program sponsors should:

A. Conduct periodic assessments of health and safety conditions for their programs, and develop and maintain emergency preparedness processes and a crisis response plan.

B. Provide health and safety information for prospective participants so that they and their parents/guardians/families can make informed decisions concerning preparation, participation and behavior while on the program.

C. Provide information concerning aspects of home campus services and conditions that cannot be replicated at overseas locations.
D. Provide orientation to participants prior to the program and as needed on site, which includes information on safety, health, legal, environmental, political, cultural, and religious conditions in the host country. In addition to dealing with health and safety issues, the orientation should address potential health and safety risks, and appropriate emergency response measures.

E. Consider health and safety issues in evaluating the appropriateness of an individual's participation in a study abroad program.

F. Determining criteria for an individual's removal from an overseas program taking into account participant behavior, health, and safety factors.

G. Require that participants be insured. Either provide health and travel accident (emergency evacuation, repatriation) insurance to participants, or provide information about how to obtain such coverage.

H. Conduct inquiries regarding the potential health, safety and security risks of the local environment of the program, including program-sponsored accommodation, events, excursions and other activities, prior to the program. Monitor possible changes in country conditions. Provide information about changes and advise participants and their parents/guardians/families as needed.

I. Hire vendors and contractors (e.g. travel and tour agents) that have provided reputable services in the country in which the program takes place. Advise such vendors and contractors of the program sponsor's expectations with respect to their role in the health and safety of participants.

J. Conduct appropriate inquiry regarding available medical and professional services. Provide information about these services for participants and their parents/guardians/families, and help participants obtain the services they may need.

K. Develop and provide health and safety training for program directors and staff, including guidelines with respect to intervention and referral that take into account the nature and location of the study abroad program.

L. Develop codes of conduct for their programs; communicate codes of conduct and the consequences of noncompliance to participants. Take appropriate action when aware that participants are in violation.

M. In cases of serious health problems, injury, or other significant health and safety circumstances, maintain good communication among all program sponsors and others who need to know.

N. In the participant screening process, consider factors such as disciplinary history that may impact on the safety of the individual or the group.

O. Provide information for participants and their parents/guardians/families regarding when and where the sponsor's responsibility ends and the range of aspects of participants' overseas experiences that are beyond the sponsor's control.

In particular, program sponsors generally:

A. Cannot guarantee or assure the safety and/or security of participants or eliminate all risks from the study abroad environments.

B. Cannot monitor or control all of the daily personal decisions, choices, and activities of participants.

C. Cannot prevent participants from engaging in illegal, dangerous or unwise activities.
D. Cannot assure that U.S. standards of due process apply in overseas legal proceedings or provide or pay for legal representation for participants.

E. Cannot assume responsibility for actions or for events that are not part of the program, nor for those that are beyond the control of the sponsor and its subcontractors, or for situations that may arise due to the failure of a participant to disclose pertinent information.

F. Cannot assure that home-country cultural values and norms will apply in the host country.

II. Responsibilities of Participants

In study abroad, as in other settings, participants can have a major impact on their own health and safety through the decisions they make before and during their program and by their day-to-day choices and behaviors.

Participants should:

A. Assume responsibility for all the elements necessary for their personal preparation for the program and participate fully in orientations.

B. Read and carefully consider all materials issued by the sponsor that relate to safety, health, legal, environmental, political, cultural, and religious conditions in the host country(ies).

C. Conduct their own research on the country(ies) they plan to visit with particular emphasis on health and safety concerns, as well as the social, cultural, and political situations.

D. Consider their physical and mental health, and other personal circumstances when applying for or accepting a place in a program, and make available to the sponsor accurate and complete physical and mental health information and any other personal data that is necessary in planning for a safe and healthy study abroad experience.

E. Obtain and maintain appropriate insurance coverage and abide by any conditions imposed by the carriers.

F. Inform parents/guardians/families and any others who may need to know about their participation in the study abroad program, provide them with emergency contact information, and keep them informed of their whereabouts and activities.

G. Understand and comply with the terms of participation, codes of conduct, and emergency procedures of the program.

H. Be aware of local conditions and customs that may present health or safety risks when making daily choices and decisions. Promptly express any health or safety concerns to the program staff or other appropriate individuals before and/or during the program.

I. Accept responsibility for their own decisions and actions.

J. Obey host-country laws.

K. Behave in a manner that is respectful of the rights and well being of others, and encourage others to behave in a similar manner.

L. Avoid illegal drugs and excessive or irresponsible consumption of alcohol.

M. Follow the program policies for keeping program staff informed of their whereabouts and well being.

N. Become familiar with the procedures for obtaining emergency health and legal system services in the
host county.

III. Recommendations to Parents/Guardians/Families

In study abroad, as in other settings, parents, guardians, and families can play an important role in the health and safety of participants by helping them make decisions and by influencing their behavior overseas.

Parents/guardians/families should:

A. Be informed about and involved in the decision of the participant to enroll in a particular program.

B. Obtain and carefully evaluate participant program materials, as well as related health, safety and security information.

C. Discuss with the participant any of his/her travel plans and activities that may be independent of the study abroad program.

D. Engage the participant in a thorough discussion of safety and behavior issues, insurance needs, and emergency procedures related to living abroad.

E. Be responsive to requests from the program sponsor for information regarding the participant.

F. Keep in touch with the participant.

G. Be aware that the participant rather than the program may most appropriately provide some information.

NAFSA: Association of International Education
Responsible Study Abroad: Good Practice for Health and Safety Guidelines, Revised November 8, 2002

http://nafsa.org/knowledge_community_network.sec/education_abroad_1/developing_and_managing/document_library_30/managing_programs/responsible_study_abroad_2
Mandatory Paperwork
The following forms must be on file in the IGSD office before students leave WPI for their off-campus project experience. If any forms are missing, students are in jeopardy of not being allowed to participate at off-campus programs.

Participant Statement of Agreement
Once accepted to the Global Perspective Program at WPI, every student is required to submit to the IGSD along with his or her housing deposit a signed and dated “Participant Statement of Agreement”. The text of that document is included below for your convenient referral. Of course, you may request a photocopy of your signed “Participant Statement of Agreement” at any time.

I understand that my participation in the WPI Global Perspective Program is subject to my agreement to accept and abide by the following conditions of participation:

A. Financial Responsibility
1) I understand that my deposit of $200 is used to secure my place in the program and will be credited toward my housing cost.

2) I understand that charges for any damages to housing, WPI property on site, the property of our host institutions, or project sponsors will be charged to my WPI account. When responsibility for damages to housing cannot be assigned to an individual student, all students in the housing unit will be charged an equal share of the cost. I also realize that an official hold will be placed on my records until all payment responsibilities are satisfied.

3) I agree to pay all housing charges as requested. The accounting office normally bills housing costs at program sites at the time of the usual billing for Spring, Fall, and Summer terms.

B. Withdrawal, Cancellation, or Dismissal
1) I understand that the $200 acceptance deposit is fully refundable up to 120 business days before the beginning of the program. Notice of withdrawal must be made in writing to the Interdisciplinary and Global Studies Division. Withdrawals after this time are subject to forfeiture of the entire deposit, plus any unrecoverable portion of the housing costs or other program expenses advanced on my behalf.

2) WPI makes every effort to deliver every program offered. However, many circumstances beyond our control could affect the welfare and safety of our participants. WPI, therefore, reserves the right to cancel a program in the event of changes that adversely affect our ability to deliver a quality academic program in which we can reasonably safeguard the health, safety, and well-being of all participants. In the event of cancellation by WPI, all deposits, tuition, and housing costs will be fully refunded.

3) Students who are dismissed from a program for any reason will receive no refund of any costs involved and are subject to charges for any unrecoverable housing costs or program expenses advanced on their behalf.

C. Behavioral Responsibilities
1) I understand that all policies governing acceptable behavior as printed in The Policies section of The Campus Planner & Resource Guide apply to me during my participation at an off-campus program site. Failure to abide by these policies, either before or during my participation in an off-campus program, can result in disciplinary action, up to and including my immediate dismissal from the program. I recognize that the authority for adjudicating alleged violations of the WPI Code of Conduct while at an off-campus program site lies with the on-site WPI representative in accordance with basic due process.

2) I further understand that as a WPI student at an off-campus program site, I represent my institution and my country and will behave as an ambassador for both. I understand that grounds for dismissal may also be found in behavior disruptive to the group as a whole, or offensive within the host culture: disruptive sexual behavior, or behavior deemed offensive to the host culture; or disruptive, violent, or destructive behavior in student housing.

3) I understand that WPI must take steps to ensure that no offensive, disruptive or potentially dangerous conduct occurs while WPI students and faculty are abroad. Accordingly, WPI reserves the right to dismiss a student from the program on the basis of any observed conduct or behavior which causes WPI concern for the safety
and well-being of students or others. The Dean of Interdisciplinary and Global Studies shall have the authority
to make the final decision on dismissal from the program.

D. **Academic Responsibilities**
1) I understand that my participation in this program is subject to successful completion of all required preparation
classes. I agree to attend all required orientation and re-entry meetings.

2) I understand that if I am placed on academic probation, I am no longer eligible to participate. The withdrawal
refund policy stated above will apply.

3) WPI reserves the right to withdraw acceptance to students who are subsequently placed on academic warning.
The withdrawal refund policy stated above will apply.

E. **Medical Issues**
1) I understand that there are certain risks inherent in travel to an off-campus program site and WPI cannot
assume responsibility for all of my activities or medical needs. I understand that it is my responsibility to carry
medical insurance that is valid at the off-campus site for the length of my stay.

2) I accept all financial responsibility for any medical treatment I receive while at the program site and understand
that to obtain medical care abroad it is usually necessary to pay when the care is administered and seek
reimbursement from my insurance company when I return home.

F. **Legal Issues**
1) I understand that as a non-citizen in a foreign country, I will be subject to the laws of that country. The use or
possession of illegal drugs or other substances in violation of the laws of the host country or The Policies
section of *The Campus Planner & Resource Guide*, before or during my participation in the program, can result
in disciplinary action, up to and including my immediate dismissal from the program and legal action under the
laws of the Commonwealth of Massachusetts and / or the laws of the host country.

G. **Travel Issues**
1) I understand that I am responsible for making my own travel arrangements and for arriving at the program site
on the designated arrival date and remaining until the official departure date.

2) I understand that while WPI encourages students to travel during their free time, the university can take no
responsibility for my safety during independent travel. I further understand that I must inform the faculty-in-
residence of my travel plans.

H. **Federal Compliance Issues**
1) I understand there are Federal regulations regarding the export of information to foreign countries or
foreign citizens, with which all of us at WPI must comply. WPI's emphasis on engineering programs makes
us particularly sensitive to these regulations. If I take a laptop computer (or other type of computer digital
storage device, I hereby assure WPI that I will not have any restricted information on that device as such
action may be considered an export.

I have read, understand, and agree to abide by the above stated conditions of participation.

**Travel Information Form (Appendix A)**

The IGSD must have a completed Travel Form from each student on file before the student leaves for their site. The office keeps a copy of this itinerary and we send a copy with the faculty advisor. By doing this, the IGSD staff, the advisor and the local coordinator all will know when and where every student will arrive and will be alerted if there is a problem arises. Whenever possible, students will be met at a pre-agreed location depending on their itinerary.

Any students traveling outside the United States to a WPI project site must supply the IGSD with a photocopy of the information pages of their passport. Copies will be sent with the faculty advisor and kept on file in the IGSD. If a passport is stolen or lost while outside the U.S., having copies of this document will greatly facilitate having a new one issued while overseas. Another thing that one can do to facilitate having to process a new passport while overseas is to carry duplicates of passport photos with the passport number written on the back. These photos must by carried securely, yet separate from your passport.

Students should understand that they are responsible for making their own travel arrangements and for arriving at the program site on the designated arrival date and remaining until the official departure date. If you are traveling by air, you must have confirmed reservations. Flying stand-by is not acceptable.

Students and their families should also understand that while WPI encourages students to travel during their free time, the university can take no responsibility for the student’s safety during independent travel. *The student must inform the faculty-in-residence of any travel plans and when they should be expected back on site.*

You may not take vacation days off from your project work, even if you have the permission of your project mentor. If you have an urgent family or academic or job-related need to travel away from the project site on a project work day, consult with the faculty member in residence before making any travel plans.

**Health Update and Records Release Form (Appendix B)**

The IGSD must have a completed Health Update and Records Release Form on file for each student before the student leaves for her site. The IGSD keeps a copy and sends a copy with the faculty advisor in case of an emergency. The student should list any medical conditions that could affect the student while off-campus (i.e. epilepsy, diabetes, depressive episodes, etc.) Also, the student must list any changes in their health not noted on medical records on file with WPI Health Services. Medical allergies must be listed, as well as prescription medications.

The IGSD strongly recommends that every student who plans to travel outside of the United States should read closely all information put forward by the Center for Disease Control specific to the geographic area where they will be going. This information is included in this handbook.
When traveling abroad it is a good idea to take a supply of your prescription medications sufficient to last for the entire length of the trip. Prescription medicines should always be kept in the original containers with the prescription label intact to avoid problems with customs officials. It is also important to take along a copy of the prescription from your physician, clearly written, in generic terms, and with an indication of the condition being treated.

Two people need be listed as emergency contacts. These contacts should be people empowered to make a medical or legal decision on behalf of the participant (i.e., parent, guardian, living adult relative). Contact information for each must also be provided to the IGSD on this form: name, relationship, address, phone (home and work), and email.

Students must accept all financial responsibility for any medical treatment received while at the program site and should understand that to obtain medical care abroad, it is usually necessary to pay when the care is administered and they will have to seek reimbursement from their insurance company when they return home.

Participants and their families should understand that there are certain risks inherent in travel to an off-campus program site and WPI cannot assume responsibility for every activity or medical need. It is the student’s responsibility to carry medical insurance that is valid at the off-campus site for the length of the stay. Students must accept all financial responsibility for any medical treatment received while at the program site. Students should understand that to obtain medical care abroad, it is usually necessary to pay when the care is administered and they will have to seek reimbursement from their insurance company when they return home.

All students traveling off-campus to participate in a WPI program are required to carry medical insurance that is valid at the program site for the entire length of the program. The IGSD must have the name of your insurance provider and your subscription number. It is the responsibility of the student to make sure that they are covered for the entire length of the program while they are off-campus.
Voluntary Acknowledgment Form

All participants are required to sign a Voluntary Acknowledgment Form, which will be kept on file in the IGSD. The text of the form is below for your convenient referral. We hope that by asking participants to read and sign such a form that we remind them of the nature of their participation and the responsibilities which are assumed by the individuals.

ACKNOWLEDGEMENT and RELEASE

I acknowledge that I am voluntarily participating in the __________________________ (the “Program”), which is being offered by Worcester Polytechnic Institute (WPI). I further acknowledge that WPI has provided me with adequate information about the Program, both verbally and through written materials, and that I have read and understand such information. I agree to comply with any immunization or medical treatment necessary to participate in this program. I also acknowledge that any laptop computer (or other form of computer or digital storage device) that I may take abroad cannot contain any restricted information as such action may be considered an export subject to Federal control and regulation.

Assumption of Risk and Release of Claims. Knowing the risks described, and in consideration of being permitted to participate in the Program, I agree, on behalf of my family, heirs, and personal representative(s), to assume all the risks and responsibilities surrounding my participation in the Program. To the maximum extent permitted by law, I release and indemnify Worcester Polytechnic Institute, and its officers, employees and agents, from and against any present or future claim, loss or liability for injury to person or property which I may suffer, or for which I may be liable to any other person, during my participation in the Program (including periods in transit to or from any site in country where the Program is being conducted).

I HAVE CAREFULLY READ THIS AGREEMENT AND FULLY UNDERSTAND ITS CONTENTS.

WPI Policies and Services for Students at Off-Campus Sites

Informal Hearing Procedure at Off-Campus Residential Program Sites

Students at off-campus residential program sites, accused of violating the WPI code of conduct or any other WPI policy as outlined in the annual Campus Planner shall be accorded an informal on-site hearing before a WPI representative designated by the dean of Interdisciplinary and Global Studies Division. The following guidelines will be applicable.

(a) Students will be informed of the complaint pending and the time, date and location of the informal hearing, in writing, at least two (2) days prior to the hearing. This notice should include a full description of the incident, names of witnesses, if any, and a reference to the section(s) of the campus code allegedly violated.

(b) The informal hearing shall be conversational in nature and non adversarial.

(c) Before the hearing, the student shall be given the opportunity to consult with an on-site advisor of their choice or a member of the WPI community.

(d) During the hearing, the WPI representative shall elaborate on the nature of the complaint and present any evidence or witnesses in support of that complaint.

(e) The accused student shall have an opportunity to respond to the complaint and present any evidence or witnesses in response to the complaint.

(f) The WPI representative will make a determination of the student’s responsibility for the complaint based on the outcome of the informal hearing.

(g) If the student is found responsible, the WPI representative must contact the dean of students or her/his designee to review the student’s past record, if any, before a sanction is determined. The WPI representative must then consult with the Dean of Students Office and the Director of global operations in Interdisciplinary and Global Studies Division to determine an appropriate sanction for the offense.

(h) All decisions shall be final and not subject to appeal on site. The decision may be appealed to the Dean of Interdisciplinary Studies Division once the student has returned to the WPI campus. Appeals may be submitted in writing to the Dean of Interdisciplinary Studies Division within seven (7) days of the start of classes of the term following the off campus project experience. The appeal must be specific and contain a full description of the basis for the appeal. A given case may be appealed only once. Grounds for an appeal must be based on one or more of the following criteria:

a. Failure to follow the procedures outlined in the Campus Planner and Resource Guide;

b. Inappropriate gravity of the sanction in relationship to the offense;

c. That no reasonable person could conclude, on the basis of the evidence presented, that the accused was responsible.

The appeal will not be reviewed until after the start of the term following the off campus project experience when all parties involved have returned to the WPI campus.

(i) If the on-site WPI representative determines that continued presence at the project center by the student would constitute a danger to the safety of persons or property on the premises of the project center, a recommendation for interim suspension may be made to the vice president for student affairs.

Note: WPI’s Academic Honesty Policy and the procedures described therein also apply to the off campus residential programs. The WPI representative must communicate with the dean of Interdisciplinary and Global Studies Division and Student Life Office before taking action.
WPI Housing

If you live in a WPI residence hall, it is your responsibility to notify Residential Services of your intended absence.

Mail Services

All students going off-campus must go to Central Mail to fill out the appropriate card to have their mailboxes closed and their mail forwarded. Failure to do so will result in mail staying in the student’s mailbox for the entire term. All students are responsible for their own mailbox and are required to sign a forwarding card at Central Mail.

What can you expect to pay “out of pocket” toward your IQP while off-campus?

Current WPI policy states that students are expected to contribute $25 per person per 1/3 unit of IQP work toward any out of pocket expenses encountered. This means that each student is expected to pay $75.00 towards the completion of the IQP before asking for reimbursement of any kind. If you have a project team of 4 students, then the total contribution before being reimbursed is $300. If you anticipate that your expenses will exceed this expectation, then you must submit a budget for your project. The on-site faculty advisor and Center Director must approve this budget prior to submission of any expenses to the IGSD. (Commuting costs are not reimbursable.)
Protocol for PCs for Off-Campus Project Centers – Appendix C

After you have turned in this completed form to the IGSD, at least one member of your group (although we suggest the entire group come so that the entire group takes equal responsibility for the equipment) is required to go to the ATC and reserve a laptop BEFORE pick-up on the specified date.

Students who participate in the Global Perspective Program are offered the opportunity to borrow laptop personal computers from WPI. This is not an entitlement to students, but rather a privilege extended to students. It is expected that the following protocol will be followed and the proper responsibility will be assumed by the students taking advantage of this opportunity. WPI does not have an unlimited supply of laptop computers to loan to students. If student teams are unable or unwilling to comply with the dates specified by the Academic Technology Center (ATC), the ATC reserves the right to refuse to accommodate that request. One PC per project team for each site as available:

Procedure
1. Each team will fill out an ATC Team Form (Appendix C). Barbara Riley Milanese (from the IGSD) will send approved names to ATC. Every team member must meet all IGSD paperwork deadlines before names are sent to the ATC.
2. Person(s) responsible for PC will be required to register at the ATC and sign a statement accepting responsibility for the PC.
3. Person(s) responsible for PC should be the member of the team with the tightest travel schedule.
   Arrangements can be made for one person to pick up the PC and another member of the team to return the PC but, BOTH people must register when the reservation is made with the ATC.
4. It is strongly recommended that everyone in the group sign the ATC’s reservation form. The ATC will hold only signing parties financially responsible for damage beyond normal wear and tear and/or any fees incurred.

Reservations
1. Make your reservation early for your PC. You must go to the ATC to make your reservation with your WPI ID card. At the time of reservation you must be specific about the dates and times of pick-up and return of the equipment and about your hardware requirements. Be as specific as possible about what you will be using the PC for: (e.g. word processing, spreadsheets, data analysis, etc.) PCs are reserved on a first-come, first-serve basis. Avoid last minute changes as they may not be able to be accommodated.
2. If two people are responsible (one for pick up, one for return) BOTH must go to the ATC to register before leaving campus. If arrangements have been made for a faculty member to return the PC, then the faculty member must send confirming email to Mary Beth Harrity (mharrity@wpi.edu) before the PC will be released.
3. Modems, ethernet cards and othermisc. hardware are in limited supply and must be requested at the time the reservation for the PC is made.
4. Upon request, the ATC can provide external floppy and/or zip drives that can be attached to the laptop.
5. Pick-up and Return deadlines will be strictly enforced. If the laptop computer is not returned to the ATC on the agreed upon date, your group will be charged a $50 per business day late fee.

Software
1. All PCs will be loaded with Windows, MS Office, Netscape and communications software. The ATC does not provide or load software other than this.
2. If students load their own software it must be removed prior to returning the PC to the ATC.
3. If you significantly alter the original configuration of the laptop (e.g. install a different operating system), your group will be charged a $50 software re-installation fee.

Picking up the PC
1. You must have your WPI ID card in order to pick up the PC assigned to you.
Acceptable Use Policy Regarding Computers (WPI laptops, sponsor PC’s, WWW use)

At a minimum, you must adhere to the WPI Acceptable Use Policy (http://www.WPI.EDU/Pubs/Policies/) whether using WPI computer resources or your housing provider or sponsor’s resources. Your housing provider or sponsor may have more restrictive computer and web use policies and those must be followed. It is your responsibility to determine what your housing provider or sponsor’s policy is and to comply with it. Using a housing provider or sponsor’s network(s) or computer(s) for recreational use (defined as non-project related use – on or off the web) is not permitted. Violators will be subject to disciplinary actions.

Travel Documents and Competencies

Money Matters

The IGSD recommends the following modes of carrying or accessing money.

Travelers Checks

Rather than carrying large amounts of cash, it is always safer to take most of your money in travelers checks. Remember to record the serial number, denomination, and the date and location of the issuing bank or agency. Keep this information in a safe and separate place. In case your checks are lost or stolen, you can get replacements quickly with this information.

Credit Cards

Some credit cards can be used for cash advances. However, be sure to monitor your charges carefully, so as not to exceed your limit. Leave all unnecessary cards at home. Record the numbers and expiration dates for the cards you take in a separate place. Always report the loss or theft of your credit cards immediately to the issuing companies and notify the local police.

Bank Cards

Probably the best way to access money is through the use of a Bank Card. In many stores you can use the Bank Card as a debit card or can directly access your money through local bank machines. Although there is usually a fee associated with an out-of-network transaction (typically $1.00-1.50), this is a small penalty to pay for ready access to you money and the safety of such transactions.
Section 2 Health and Safety Information

Lyme Disease and Ticks

What is Lyme disease?
Lyme disease is caused by bacteria (germs) that are spread by tiny, infected deer ticks. Both people and animals can have Lyme disease.

Where do cases of Lyme disease occur?
In the United States, Lyme disease most commonly occurs in the Northeast and mid-Atlantic regions and in the upper Midwest. In Massachusetts, Lyme disease occurs throughout the state.

How is Lyme disease spread?
Lyme disease is spread by the bite of an infected deer tick. The tick usually must be attached to a person for at least 24 hours before it can spread the germ. Deer ticks in Massachusetts can also carry the germs that cause babesiosis and human granulocytic anaplasmosis (also known as human granulocytic ehrlichiosis). Deer ticks are capable of spreading more than one type of germ in a single bite.

When can I get Lyme disease?
Lyme disease can occur during any time of the year. The bacteria that cause Lyme disease are spread by infected deer ticks. Young ticks (nymphs) are most active during the warm weather months between May and July. Adult ticks are most active during the fall and spring but may also be out searching for a host any time that winter temperatures are above freezing.

How soon do symptoms of Lyme disease appear after a tick bite?
Symptoms of early Lyme disease, described below, usually begin to appear from 3 to 30 days after being bitten by an infected tick. If untreated, symptoms of late Lyme disease may occur from weeks to years after the initial infection.

What are the symptoms of Lyme disease?

Early stage (days to weeks): The most common early symptom is a rash (erythema migrans) where the tick was attached. It often, but not always, starts as a small red area that spreads outward, clearing up in the center so it looks like a donut. Flu-like symptoms, such as fever, headache, stiff neck, sore and aching muscles and joints, fatigue and swollen glands may also occur.

Even though these symptoms may go away by themselves, without medical treatment, some people will get the rash again in other places on their bodies, and many will experience more serious problems. Treatment during the early stage prevents later, more serious problems.

Later stages (weeks to years): If untreated, people with Lyme disease can develop late-stage symptoms even if they never had a rash. The joints, nervous system and heart are most commonly affected.

- About 60% of people with untreated Lyme disease get arthritis in their knees, elbows and/or wrists. The arthritis can move from joint to joint and become chronic.

- Many people who don’t get treatment develop nervous system problems. These problems include meningitis (an inflammation of the membranes covering the brain and spinal cord), facial weakness (Bell’s palsy) or other problems with nerves of the head, and weakness or pain (or both) in the hands,

---

1 Massachusetts Department of Public Health Fact Sheet: Lyme disease, June 2007; http://www.mass.gov/Eeohhs2/docs/dph/cdc/factsheets/lyme.pdf

Going Global at WPI Handbook – Nantucket B08
8/20/2008

Use and adaptation welcome, but please acknowledge WPI and Natalie Mello and tell us of your use (nmello@wpi.edu)
arms, feet and/or legs. These symptoms can last for months, often shifting between mild and severe.

- The heart also can be affected in Lyme disease, with slowing down of the heart rate and fainting. The effect on the heart can be early or late.

Is there treatment for Lyme disease?

- People who are diagnosed with Lyme disease can be treated with antibiotics. Prompt treatment during the early stage of the disease prevents later, more serious problems.

What can I do to lower my chances of getting Lyme disease, or any other disease, from ticks?

- **Prevention begins with you!** Take steps to reduce your chances of being bitten by any tick. Ticks are most active during warm weather, generally late spring through fall. However, ticks can be out any time that temperatures are above freezing. Ticks cling to vegetation and are most numerous in brushy, wooded or grassy habitats. They are not found on open, sandy beaches, but may be found in grassy dune areas. When you are outside in an area likely to have ticks (e.g. brushy, wooded or grassy places), follow these simple steps to protect yourself and your loved ones:

- Use a repellent with [DEET](https://www.mass.gov/dph/cdc/factsheets/factsheets.htm) (the chemical N-N-diethyl-meta-toluamide) or [permethrin](https://www.mass.gov/dph/cdc/factsheets/factsheets.htm) according to the instructions given on the product label. DEET products should not be used on infants under two months of age and should be used in concentrations of 30% or less on older children. Permethrin products are intended for use on items such as clothing, shoes, bed nets and camping gear, and should not be applied to skin. More information on choosing a repellent and how to use repellents safely is included in the MDPH Public Health Fact Sheet on Tick Repellents at www.mass.gov/dph/cdc/factsheets/factsheets.htm. If you can’t go online, contact the MDPH at (617) 983-6800 for a hard copy.

- Wear long, light-colored pants tucked into your socks or boots, and a long-sleeved shirt. This may be difficult to do when the weather is hot, but it will help keep ticks away from your skin and help you spot a tick on your clothing faster.

- Stay on cleared trails when walking or hiking, avoiding the edge habitat where ticks are likely to be.

- Talk to your veterinarian about tick control options (tick collars, repellents) for your pets.

**Did you know?**

You don’t have to be a hiker on Cape Cod to worry about ticks. In Massachusetts, you may be bitten in your own backyard. There are lots of things you can do around your own backyard to make it less inviting for ticks! Visit the MDPH Tickborne Disease Website at www.mass.gov/dph/cdc/epii/lyme/lymehp.htm for suggestions.

After spending time in an area likely to have ticks, check yourself, your children and pets for ticks. Young ticks, called nymphs, are the size of a poppy seed. Adult deer ticks are the size of a sesame seed. Both nymph and adult deer ticks can spread the bacteria that cause Lyme disease; however, nymphs are of more concern. They are aggressive feeders and so tiny that it can be difficult to see them on the body, unless you are looking carefully. When doing a tick check, remember that ticks like places that are warm and moist. Always check the back of the knees, armpits, groin, scalp, back of the neck and behind the ears. If you find a tick attached to your body, remove it as soon as possible using a fine-point tweezers. Do not squeeze or twist the tick’s body, but grasp it close to your skin and pull straight out with steady pressure.

Know the symptoms of Lyme disease as described in this fact sheet. If you have been someplace likely to have ticks and you develop symptoms of Lyme disease, or any other disease carried by ticks, see your health care provider right away.

Where can I get more information?

- For questions about your own health, contact your doctor, nurse, or health care clinic.
- **For questions about Lyme disease or other diseases spread by ticks**, contact the MDPH at (617) 983-6800 or toll free at (888) 658-2850 or online at [http://www.mass.gov/dph](http://www.mass.gov/dph). You may also contact your local Board of Health (listed in the telephone directory under “Government”).

- **For questions about tick repellents**, read the MDPH Public Health Fact Sheet on Tick Repellents at [www.mass.gov/dph/cdc/factsheets/factsheets.htm](http://www.mass.gov/dph/cdc/factsheets/factsheets.htm). If you can’t go online, you may ask for hard copies of MDPH fact sheets by calling the MDPH number above.

### Safety

When traveling to an off-campus project site, there are a number of precautions you should follow in order to travel safely:

- Do not leave your bags or belongings unattended at any time. Security in airports and train stations are instructed to remove or destroy any unattended baggage. Do not agree to carry or look after packages or suitcases for individuals you do not know well. If someone approaches you to make such a request, tell security immediately. Make sure that no one puts anything in your luggage without your knowledge. Take all questions from airport personnel seriously and do not make jokes in response to security questions.

- Safeguard your passport! Your passport is the most valuable document you will carry abroad. It is your best form of identification and confirms your citizenship, you must guard it carefully. Do not lend it to anyone or use it as collateral for a loan of any sort. You will need it when you check into hotels, embassies or consulates, or when cashing travelers checks. Some countries require that you carry it with you at all times as a means of identification. When you carry your passport, hide it securely on your person. Do not leave it in a handbag, book-bag, backpack or in an exposed pocket.

- Never keep all of your documents and money in one place or suitcase. You should make a list of all of your important numbers - your passport information as well as credit cards, travelers’ checks and airline ticket numbers. Leave a copy at home, and carry a copy with you, separate from your valuables.

- Do not leave money or other valuables in the hotel room. Use the safety deposit boxes available at the reception desk.

- **Always keep the resident faculty advisors informed of your whereabouts.** If you plan to travel during the term, you must give your advisor an itinerary in writing. All student need to be accounted for every weekend whether you are traveling or not, see Appendix E.

- **The IGSD will notify the parents of students who fail to return from a weekend excursion at the predetermined time.** If you are delayed you MUST contact your resident faculty advisor to inform them that you are safe.

- Have sufficient funds or a credit card on hand to purchase emergency items such as train or airline tickets.

- Always be careful about traveling alone.

- **All WPI students who are participating in the Nantucket B08 Project Program are expected to behave in a manner so as to not put themselves at risk.**

- **All students have an obligation to look out for each other and themselves.** This means that if one student observes another engaging in risky behavior, that student should report the behavior to either of the faculty advisors. The faculty advisor should then address the issue with the student at risk. Repeated behavior identified as risky can result in disciplinary action up to and including immediate dismissal from the program.
Drugs

If any students are found to be using drugs, or if any complaints are lodged against a roommate who it found to be using drugs, that student will be immediately sent home. There will be no exceptions to this policy.
Health Issues: HIV and AIDS information

Acquired immunodeficiency syndrome (AIDS) is a severe, often life-threatening, illness caused by the human immunodeficiency virus (HIV). The incubation period for AIDS is very long and variable, ranging from a few months to many years. Some individuals infected with HIV have remained asymptomatic for more than a decade. Currently, there is no vaccine to protect against infection with HIV. Although there is no cure for AIDS, treatments for HIV infection and prophylaxis for many opportunistic diseases that characterize AIDS are available.

The universal precaution to prevent infection of either AIDS and/or HIV is to assume that everyone you meet has these diseases. While this may seem extreme, there is no way to judge from looking at someone whether or not they have been exposed to these illnesses or if, in fact, they are infected.

HIV infection and AIDS have been reported worldwide. The number of persons infected with HIV is estimated by WHO to be approaching the range of 18 million worldwide. Because HIV infection and AIDS are globally distributed, the risk to international travelers is determined less by their geographic destination than by their sexual and drug using behaviors.

Transmission and Prevention Information

The global epidemic of HIV infection and AIDS has raised several issues regarding HIV infection and international travel. The first is the need of information for international travelers regarding HIV transmission and how HIV infection can be prevented.

HIV infection is preventable. HIV is transmitted through sexual intercourse, needle or syringe sharing, by medical use of blood or blood components, and perinatally from an infected woman to her baby. HIV is not transmitted through casual contact; air, food, or water routes; contact with inanimate objects; or through mosquitoes or other arthropod vectors. The use of any public conveyance (e.g., airplane, automobile, boat, bus, train) by persons with AIDS or HIV infection does not pose a risk of infection for the crew or other passengers.

Increased risk for contracting AIDS and HIV

Travelers are at risk if they:
- have sexual intercourse (heterosexual or homosexual) with an infected person;
- use or allow the use of contaminated, unsterilized syringes or needles for any injections or other skin-piercing procedures including acupuncture, use of illicit drugs, steroid or vitamin injections, medical/dental procedures, ear or body piercing, or tattooing;
use infected blood, blood components, or clotting factor concentrates. HIV infection by this route is a rare occurrence in those countries or cities where donated blood/plasma is screened for HIV antibody.

People should avoid sexual encounters with a person who is infected with HIV or whose HIV infection status is unknown. This includes avoiding sexual activity with intravenous drug users and persons with multiple sexual partners, such as male or female prostitutes. Condoms, when used consistently and correctly, prevent transmission of HIV. Persons who engage in vaginal, anal, or oral-genital intercourse with anyone who is infected with HIV or whose infection status is unknown should use a condom.

For the information made available by the Center for Disease Control, please go to the following web address

http://www.cdc.gov/travel/hivaids.htm
General Policies and Important Things to Remember

- There can be *no overnight guests* in any accommodations acquired and provided by WPI for use by the Project Center students.

- Charges for any damages to housing, WPI property on site, the property of our host institutions, or project sponsors will be charged to your WPI account. When responsibility for damages to housing cannot be assigned to an individual student, all students in the housing unit will be charged an equal share of the cost. An official hold will be placed on all records until all payment responsibilities are satisfied.

- Students who are dismissed from a program for any reason will receive no refund of any costs involved and are subject to charges for any unrecoverable housing costs or program expenses advanced on their behalf.

- All policies governing acceptable behavior as printed in The Policies section of *The Campus Planner & Resource Guide* apply to participants at an off-campus program site. The authority for adjudicating alleged violations of the WPI Code of Conduct while at an off-campus program site lies with the on-site WPI representative in accordance with basic due process.

- You must always keep the resident faculty advisors informed of your whereabouts. If you plan to travel during the term, give your advisor an itinerary.

- The IGSD will notify the parents of students who fail to return from a weekend excursion at the predetermined time. If you are delayed you MUST contact your resident faculty advisor to inform them that you are safe.

- As a WPI student at an off-campus program site, you represent your institution and your country and will behave as an ambassador for both. Grounds for dismissal may also be found in behavior disruptive to the group as a whole, or offensive within the host culture: disruptive sexual behavior, or behavior deemed offensive to the host culture; or disruptive, violent, or destructive behavior in student housing.

- You may not take vacation days off from your project work, even if you have the permission of your project mentor. If you have an urgent family or academic or job related need to travel away from the project site on a project work day, consult with the faculty member in residence before making any travel plans.

*Violations of any of these policies can result in disciplinary action up to and including immediate dismissal from the program.*
Section 3: Site Specific Information for Nantucket Project Center

Paperwork Deadline

<table>
<thead>
<tr>
<th>All paperwork for Nantucket B08 must be in the IGSD by Tuesday, October 7, 2008, by 1:00 p.m.</th>
</tr>
</thead>
</table>

| Arrive WPI housing: | October 25, 2008 |
| Depart WPI housing: | December 18, 2008 |

**Thanksgiving Break:** November 21 to November 30 (please see weekly schedule of activities for assignment due on 11/23 -- page 37.)

A wealth of experience indicates that the accompanying information provides a framework for effective achievement of the Project Center objectives.
Site Specific Information

The Island of Nantucket
The Island of Nantucket is located approximately 25 miles off the coast of Cape Cod. It is a popular tourist destination with a summer month population that swells to approximately 45,000 from the off-season population of 10,000. The entire island (estimated to be 14 miles long and 3.5 miles wide) is designated on the National Register of Historic Places as the Nantucket Historic District and is noted by the National Park Service to be “the finest surviving architectural and environmental example of a late 18th and early 19th-century New England seaport town.”

Historical sites include the Jethro Coffin House (oldest island residence), the Old Mill (oldest American windmill still in operation), The Whaling Museum, the African Meeting House, and the Quaker Meeting House.

You can find out more about Nantucket by visiting the following websites:

www.nantucketchamber.org
www.nantucket-ma.gov/visitor

Housing
You will be staying in the Maria Mitchell Association” (MMA), Hinchman House. The address is:

4 Vestal Street
Nantucket, MA 02554

Hinchman House is a multi-use building. The first floor of the building houses the MMA’s Natural Science Museum and Museum Shop. You are responsible for ensuring that the exterior doors to Hinchman House remain locked at all times. You will share a room on the second floor with two or three other students, and will be given a key to your room and to the building.

Please keep the room assignments you receive. It is a good idea to go through your room when you arrive and make a list of any existing damage. This inventory can save you money when you leave. You should present your list to your advisor, who will work with the caretaker of Hinchman House to resolve any issues; and you should keep a copy for yourself.

Hinchman House Facilities
All rooms are equipped with beds, a closet and trash cans. You will need to bring all of your bedding and linen needs – sheets, blankets, pillows, towels, etc.

Cooking equipment and kitchen facilities are provided. The kitchen is located on the second floor of Hinchman House.
**Housing Rules & Responsibilities:**

- Be respectful of the facilities. Your stay should be contained to the 2nd floor of Hinchman House.
- Leave the facilities as you found them. Please pick up after yourselves and wash any cookware, dishes, etc. as used. Cleaning products and supplies can be found under the kitchen sink and in the laundry themselves for the duration of your stay.
- Dispose of all leftover food and rubbish, clean your personal space, and remove personal belongings before your departure.
- All of Nantucket is required to recycle. Place garbage items in the appropriate bins. You are expected to sort garbage and recycling and to establish a schedule for removal of garbage and recycling to the MMA trash cans near the library.
- Smoking is not permitted in any MMA building. Smoking is permitted only in outside areas. Designated area: the back driveway at Hinchman House. Smokers are expected to keep the smoking areas clean and must pick up all used cigarette butts.
- No open flames such as candles or incense are allowed.
- All MMA dormitories are located in residential neighborhoods. Polite behavior is expected at all times. As per Town of Nantucket Bylaws, quiet hours must be maintained after 10:00 p.m. This means no loud music or parties after 10:00 p.m.
- Pets are not allowed in any of the MMA dormitories.

**Laundry**
Hinchman House is equipped with a washing machine and dryer. Laundry equipment is also located at 4 Vestal Street. The hours for doing laundry are 9:00 a.m. to 10:00 p.m.

**Telephone Service**
There are telephones in Hinchman house. They are local access only, however. Long distance calls must be made using your cell phone or a personal calling card. Calling cards can be purchased at the pharmacy.

**Internet Service**
There are internet connections in various locations throughout the MMA complex including a computer with internet access in the TV room in Hinchman House. MMA staff will provide you with an internet access code upon request.

**Athletic Facilities**
The Nantucket Health Club is the only full service fitness center on the island. Day passes and weekly passes can be purchased directly from them.

Walking and biking are also great ways to exercise and explore Nantucket. There are extensive trails and bike paths.

**ATM Machine, Food Shopping, and Pharmacy**
Groceries can be purchased at the Grand Union in downtown Nantucket at the bottom of Main Street or at the Stop & Shop on Sparks Avenue, outside of town. Hinchman House is within
walking distance of downtown. Nantucket Pharmacy, one of two pharmacies on the island, is also located in the downtown area on Main Street.

There are four ATMs in the downtown area:

- Grand Union Family Market, 9 Salem Street
- Nantucket Bank, 2 Orange Street
- Pacific National Bank, 61 Main Street
- The Pacific Club, 15 Main Street
- Steamship Authority Terminal, Steamboat Wharf

**Transportation**

You can get to Nantucket via ferry or airplane. Nantucket Memorial Airport operates year round and taxi service is available. A few of the airlines that fly to the island are listed below for your reference:

Cape Air: 800-352-0701
Island Airlines: 800-248-7779
Nantucket Airlines: 800-635-8787

Ferry service can be booked through the Steamship Authority (www.steamshipauthority.com), Fast Ferry (508-495-3278), and Hy-Line Cruises (800-778-0404 or 800-492-8082) to name three.

Nantucket is a small island and many amenities and services – restaurants, banks, museums, grocery stores, and pharmacies – are located in the downtown area which is within walking and biking distance of Hinchman House.

One of the recommended ways to get around the island is via bicycle. We strongly advise that you do NOT bring your car onto the island – in fact all visitors to the island are discouraged from bringing their cars in order to reduce traffic congestion. The cost to transport your car via ferry is significant, and parking can be difficult to find. For project related work, transportation will be arranged for you if you need travel beyond walking and/or biking distance.

The Island’s biking infrastructure is very well-developed making biking is an efficient and inexpensive way to get around the island. For more information on bike paths you can visit the Wheels, Heels & Pedals website at www.wheelsheelsandpedals.com.

**Medical Services**

Your medical insurance should allow you treatment at any of the local hospitals and medical centers, but you should confirm this with them directly.

Medical care (emergency and routine) can be obtained at the Nantucket Cottage Hospital:
57 Prospect Street
Nantucket, MA  02554
508-825-8165 (emergency)
Martha Greenfield, Nurse Manager

**Mental Health care facilities are available at:**

Nantucket Behavioral Health
20 Vesper Lane, L1
Nantucket, MA  02554
508-228- 2689

Nantucket Family Counseling (private psychotherapy practice)
14 Clarendon Street
P.O. Box 5040
Nantucket, MA  02554

**Dental Services are available at the following:**

Accessible Dental PC
15 Amelia Drive
Nantucket, MA  02554
508-325-0583

Herbert G. Schreiber, Orthodontist
19 ½ Surfside Road
Nantucket, MA  02554
508-228-1085

Matthew T. Mulcahy, D.M.D.
9 Amelia Drive, Suite 2
Nantucket, MA  02554
508-228-4500

Nantucket Dentistry, Dr. Thomas c. Schmidt
3 West Creek Road
Nantucket, MA  02554
508-228-1135

**Banking**
The most straightforward way to handle your money is to use ATM machines or purchase travelers checks before you arrive in Nantucket. Remember to budget for food, entertainment, and miscellaneous expenses. We recommend that you have a credit card with you for emergencies.
Communication
Communication between you and your advisor will be generally straightforward. Your advisor will provide you with his contact information and will set up meeting times as appropriate throughout the term. He/She will also require that you provide him/her with your cell phone number.

Code of Conduct
WPI’s Code and the Code of Ethics of Professional Engineers bind your personal conduct. You are also ethically obligated by the Code of Conduct of the organization at which you are working and by the codes published in the WPI Student Conduct Policies booklet. Please be especially careful to safeguard information that is not intended for others.

You are representatives of WPI twenty-four hours a day in Nantucket. Future groups of Nantucket Project Center students depend upon you to safeguard the reputation of the school at the housing and at the agencies. **We expect that your conduct in relationship to your student colleagues will be above reproach and that you will think through the implications of practical jokes, sexual innuendoes or harassment, and other behaviors that have any possibility of being inappropriate or upsetting to your colleagues.** Furthermore, physical materials associated with your projects may be used only for purposes directly related to the projects; they may not be used for any other purpose. Your advisor has the authority to take disciplinary any action they deem necessary for the safety of individuals or for the well being of the project center.

You are expected to be at your agency for at least the full working day on each day unless otherwise directed by your advisor(s). Additionally, you will have to prepare for the weekly meetings that you and your liaison have with your faculty advisor(s) at your agency, and you must get your draft chapters in on time. The full impact of this statement will not be felt until the second week.

Dress Code
Nantucket tends to be less formal than other project centers (such as Washington, DC or London); dress casual is usually appropriate. However, formal professional dress should be worn on the first day and for final presentations. After the first day, follow the custom of your agency.

Formal professional dress for men is a collared shirt and tie, dress pants, jacket and dress shoes. It does not include baseball hats, shorts, tee shirts, sneakers, sandals, jeans, or skate pants. Formal professional dress for women includes a dress with jacket, or skirt or dress pants with jacket and blouse. Appropriate shoes are dress pumps or flats. It does not include baseball hats, mini-skirts or mini-dresses, tank tops, halter-tops, spaghetti strap tops or dresses, shorts, or jeans.

When you arrive in late October, you will begin to need winter clothes. Bring comfortable shoes for leisure time. Also a small backpack and a water bottle would be very handy if you choose to do any hiking or biking.

Section 4 – Transition

“In a sense, it is the coming back, the return, which gives meaning to the going forth. We really don’t know where we’ve been until we come back to where we were - only where we were may not be as it was because of who we’ve become, which, after all is why we left.” - Bernard, Northern Exposure

While you are not entering a “foreign” culture to do your project in Nantucket there are aspects of working in a highly charged, professional culture that may result in the same symptoms as culture shock. For this reason we have included the information below.

Experiences in Transition
adapted from an article by Janet Bennett, Intercultural Communication Institute, Portland OR

Culture Surprise
Culture surprises are the reactions, which occur shortly after arrival in a different culture when we see things that are different than we are used to. It usually occurs within the first few days after arrival as we become aware of superficial differences: modes of dress, signs in a different language, nonverbal behaviors.

Culture Stress
Culture stress manifests itself in the fatigue that occurs when we practice new behaviors in a different culture. This occurs as we respond to the behavior of the new culture and try to fit in by doing our own shopping, understanding comments made about us in the local language, learning to navigate public transportation and other attempts to adjust to the new culture.

Culture Shock
Culture shock is a state of loss and disorientation precipitated by a change in our environment that requires adjustment. It results from confronting values different from our own and from the loss of a familiar network and environment. It is a normal healthy reaction to the stress of living in a different culture. Everyone who has spent time living in another culture, experiences some form of culture shock.

Symptoms of Culture Shock
Symptoms can be both physical and psychological, and can include: headaches, stomach aches, dizziness, rashes, nausea, irritability, insomnia or excessive sleepiness, depression, loneliness, withdrawal paranoia, anger, aggression, hatred, fear, crying, complaining, self-doubt, boredom, helplessness, confusion, and feelings of inadequacy. This list is not exhaustive.
Prescription for Culture Shock
adapted from an article by Bruce LaBrack, Summer Institute for Intercultural Communication

1. Understand the symptoms and recognize the signs of culture stress.
2. Realize that some degree of discomfort and stress is natural in a cross-cultural experience.
3. Recognize that your reactions are largely emotional and not easily subject to rational management.
4. Gather information before you go so at least the differences will be anticipated. Knowledge is power.
5. Look for the logical reasons behind host culture patterns. Discover why things are done the way they are.
6. Relax your grip on your normal culture and try to cheerfully adapt to new rules and roles.
7. Don’t give in to the temptation to disparage what you do not like or understand. It probably won’t change.
8. Identify a support network among colleagues in your agency, team members, other students and faculty advisor. Use this network, but do not rely on it exclusively.
9. Understand that this is a passing phase of what will be, in retrospect, a time of great learning and personal growth.
10. Give yourself quiet time, some private space, and don’t be too hard on yourself.
Appendix A - Travel Information Form

All students intending to complete a project at a WPI project site are asked to provide the IGSD with information about their travel arrangements. This will notify the faculty advisor, on-site coordinator and IGSD staff of your expected arrival date and time and alert them if a problem arises. *For some sites* this information is needed in order to arrange to have students met at the airport.

********************************************************************************

You must bring your passport into the IGSD to be scanned, unless you are participating in a project program within the U.S.

</table>

*(Please make sure you check one of these options for transportation from Heathrow Airport to IES)*

You must attach a copy of your travel itinerary provided by your travel agent or airline, in addition to completing this form. No handwritten itineraries will be accepted.
Appendix B - Off-Campus Students’ Health Update and Records Release Form

<table>
<thead>
<tr>
<th>Name</th>
<th>Project Site</th>
<th>Term</th>
</tr>
</thead>
</table>

All students traveling off-campus to participate in a WPI program are required to carry medical insurance that is valid at the program site for the entire length of the program. Please verify this with your insurance company and list the name of your carrier and your policy number.

<table>
<thead>
<tr>
<th>Carrier</th>
<th>Policy Number:</th>
</tr>
</thead>
</table>

Do you have any medical conditions that could affect you while off-campus of which you would like to make the IGSD aware? (i.e. epilepsy, diabetes, depressive episodes, etc.) Also, please list any changes in your health not noted on your medical records on file with WPI Health Services.

Are you allergic to any medications? If so, please list them.

List any prescription medicines you are currently taking.

When traveling off-campus it is a good idea to take a supply of your prescription medications sufficient to last for the length of the trip. Prescription medicines should always be kept in the original containers with the prescription label to avoid problems with customs. It is also important to take along a copy of the prescription from your physician, clearly written, in generic terms, and with an indication of the condition being treated.

In the event of an emergency, please contact:

1. Name | Relationship to Student
Address | Email
Cell Phone #: | Home Telephone: | Work Telephone: |

2. Name | Relationship to Student
Address | Email
Cell Phone #: | Home Telephone: | Work Telephone: |

I hereby authorize WPI health services to release my medical records to the Interdisciplinary and Global Studies Division in the event of a medical emergency while studying off-campus. I hereby acknowledge that it is my responsibility to contact my health insurance provider to determine that I am covered while at an off-campus project site.

Going Global at WPI Handbook – Nantucket B08
8/20/2008

Use and adaptation welcome, but please acknowledge WPI and Natalie Mello and tell us of your use (nmello@wpi.edu)
**Appendix C - ATC Team Form**

(One per team)

After you have turned in this completed form to the IGSD, at least one member of your group (although we suggest the entire group come so that the entire group takes equal responsibility for the equipment) is required to go to the ATC and reserve a laptop BEFORE pick-up on the specified date.

**Project Site:** ____________________________________________

**Pickup person:** ____________________________________________

**Return person:** ____________________________________________

**names of team members:**

________________________________________

________________________________________

________________________________________

If you can not pick up and return this PC within the specified dates, then you will need to make alternative arrangements: the ATC can *not* accommodate you.

**Dates:**

Appendix D - Weekly On-Site Meetings of Advisors, Students, and Liaisons

It is students’ responsibility to arrange this meeting and to invite people directly involved in the project.

Suggested Guidelines for Conducting the Meeting
1. Presentation of accomplishments to date. (Five-minute oral presentation by one member of the group backed by other’s comments when appropriate.)
2. Presentation of procedures to be used to collect data and the techniques to be used to analyze data. Approximately fifteen-minute oral presentation with visual aids and handouts.
3. Discussion of data sources (three minutes).
4. Faculty-student interchange on adequacy and appropriateness of procedures and data.
5. Faculty may wish to waive the formal structure of the meetings and conduct the meetings informally. If so, it is still important for students to prepare handouts or overheads that will provide necessary information for the discussions.

Work Plan

(From date - To date)

Project Name: _______________________________________________________________

Organization: ___________________________________________________________________

Student Names: ____________________________________________
___________________________________________________________________________

Last week’s activities disposition (Accomplished-use check mark; Partially Accomplished, give details; Not Accomplished, give reasons and details)

</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

*Every student or group of students must turn this form into an advisor before 12:00 noon every Friday – in other words, every student must be accounted for*
Appendix F – Car Responsibilities at a project site

If you choose to bring your own car or to rent a car, you assume all risks involved in the use of the car. The following paragraphs provide some general advice about car usage.

If you use your own car:
1. Make sure you have valid insurance coverage.
2. Make sure you carry your insurance papers with you in your car.
3. Make sure you have a recent registration in your car and that it will not expire while you are at the project site.
4. If your car is registered in a state that requires a safety and/or emissions inspection, make sure it is up to date and will not expire while you are at the project site.

If you rent a car:
1. The rental agreement is a contract between you and the rental company. Make sure that you read and understand the entire rental agreement. In particular, the rental agreement determines your liability in case of an accident or damage to your car, and any restrictions on the use of the car.
2. Make sure that you understand the insurance options being offered by the rental company, and that you select insurance coverage appropriate to your situation. If your or your parents’ automobile liability insurance covers you when you are driving a rental car, you may not need to purchase liability insurance from the car rental company. Check with your insurance agent your credit card may cover you for damage to the rental car. Check with your credit card issuer. If you are planning to rent a car for a long period, you should make sure that your own insurance or your credit card will cover a long-term rental.
3. If you are involved in an accident or if your rental car is damaged, inform the car rental company right away.

If you use a car:
1. Do not drink and drive! If you are cited for drunk driving or any other infraction involving drinking and driving, you will be on your own! WPI assumes no responsibility for your operation of your own vehicle or any vehicle you are traveling in while participating in the Program.
2. If you have an accident or are cited for any reason, tell your advisor(s) immediately!
3. Safety is the most important issue while using your car or being a passenger in a car while participating in the Program!
4. Bring an extra car key and either keep it in a safe place in your apartment or give it to someone you trust and will be available should you lose your key or lock yourself out of your car.

I acknowledge that I have received, read and understand the above text describing “car responsibilities” while participating in the WPI Project Program.
