ABSTRACT:
This collection contains materials of Riley Stoker Company, where Mr. Jonas worked and also catalogs from the 1930s to the early 1960s. Many of them relate to turbines, piping, boilers and building products.

These were collected by Bernard Jonas, who worked for Riley Stoker Company in Worcester for forty-four years. Mr. Jonas was a veteran of World War II, having served for five years.

The collection contains the following:

A biographical statement written by Mr. Jonas; 3 folders of Riley Stoker records; 2 folders of steel-related information; a booklet and chart card from other companies; and the following catalogs:

1. Fairbanks Company Catalog 51, 1950
