Theses and Dissertations
Computer Resources

WPI's Fuller Laboratories provides dedicated space for faculty, staff and students working in the information sciences. The Academic Technology Center and Computing and Communications Center (CCC) are located in this building, along with the Computer Science Department. The ATC serves the WPI community by supporting the electronic classrooms throughout the campus, maintaining a large inventory of audio/visual (A/V) equipment available for loan for academic presentation purposes, and providing A/V support for meetings, conferences, and special events on campus. The ATC also manages myWPI, the learning and information portal for members of the WPI community.

CCC provides a wide range of services and access to computer resources for the WPI community and manages an array of powerful UNIX, Linux and Windows servers. All WPI students may obtain a login ID from the CCC for academic course work, research and self-education. The login ID will remain valid as long as the person continues to be registered as a student. The systems have been configured so that the user will see the same familiar environment no matter which CCC workstation is used. CCC facilities are accessible from a wide variety of locations on campus or from around the world via the campus connection to the Internet. CCC operates the campus data network and Internet connectivity, including a VPN (Virtual Private Network) to access internal resources remotely. CCC also provides each student with personal network storage space. Computer systems operated by academic departments are also on the same CCC communications infrastructure, so they are accessible just as easily.

The CCC facilities offer high-end PCs and Macs. In addition to several computer classrooms and specialized labs, the CCC supports open access labs in every academic building totaling hundreds of stations across the campus. Each of these labs offers the same user interface, software profile, and network access to personal files as does the CCC lab. Several computer labs are available 24/7 by using a valid WPI ID card with our card access system.

Networked black & white and color laser printers as well as scanning devices are available in the CCC computer labs. Students can use the CCC print service to generate high-quality output for reports and resumes. The servers also provide file service for many software packages including spreadsheet, databases, and department courseware. A wireless network is available in all academic buildings as well as primary residence centers. Wireless laptops are available on loan for use in the library and campus center. In addition to supporting the academic computing system on campus, CCC operates the administrative system that provides data processing services to WPI administrative offices. The WIPI information system provides ready access to important registration information. Students update their biographical information, check grades and drop/add courses over the network via the web interface to the administrative system.

CCC manages a computer help desk to answer users’ questions on any of the computer platforms and to provide technical support for endorsed software packages. CCC also provides instruction sessions on supported software in the state-of-the-art computer-training classroom that the CCC maintains in the Gordon Library.

Gordon Library

The George C. Gordon Library supports the informational and research needs of the WPI graduate community. The library staff works closely with each department to augment library resources pertinent to graduate and other research interests. The collection currently numbers approximately 271,000 books, plus an e-book collection of close to 39,000. The collection includes subscriptions to 900+ hard copy journals and approximately 35,000+ electronic titles. The collection also includes WIPI electronic theses and dissertations in print and electronic formats. The WIPI Archives and Special Collections hold the records and artifacts of WIPI, as well as a significant number of rare books.

Many services and resources are available to graduate students 24 hours a day via the library's web site (http://www.wpi.edu/Academics/Library). Here students can access the library's catalog, over 150 electronic databases, full-text journal articles, online reference materials, and other resources, local and remote. Forms are available on the Web site and within Your Account in the library catalog to place interlibrary loan requests (for items not available via WIPI's collections), make suggested purchase recommendations, request a research consultation, and request retrieval of items in storage. Instructional videos and course web pages provide guidance in use of the library. The library building offers a variety of work spaces for both quiet and group study, including seven Tech Suites that offer plasma screen and dedicated computer, DVD and VCR player, and network access. Web conferencing is also available in the Tech Suites.

Library staff can be contacted in person, by telephone, by e-mail, and by chat. E-mail queries can be sent through the Ask-Library-Questions form on the web. Reference staff can be phoned at 508-831-6700 and Circulation staff are available at 508-831-5410. InstantAnswers, the chat-based reference service, is available through various instant messaging applications with the screen name wpiref. Throughout the year, members of the reference department conduct both general interest and course-integrated instruction sessions. Orientation sessions are also offered to graduate students.

In addition to Gordon Library's resources, WIPI students may utilize the collections of other Worcester area libraries. Students with a WIPI ID and an ARC cross-borrowing card can borrow directly from Assumption College, Becker College, Clark University, College of the Holy Cross, Worcester State College and others. ARC cards can be obtained at the Gordon Library Circulation desk.
